INTRODUCTION

By Amanda Bennett

There's so much to discover about this favorite American President! From his humble birth in a log cabin all the way to his persistent battle for freedom for all, Abraham Lincoln has become one of our most admired presidents. From shopkeeper to surveyor, soldier to country lawyer, he learned from experience and loved reading.

Children can learn volumes from people in history, and Abraham Lincoln is a good example. One of the themes of the Download N Go™ 2.0 Series focuses on biographies of people that played key roles in history. Abraham Lincoln is the next title in the biography theme of this series, and I am excited to introduce this new title.

*"I will prepare and some day my chance will come."
Abraham Lincoln*

Abraham Lincoln's life was one of great adventure, varied interests, tremendous challenges, and extreme determination. These offer valuable lessons to this up and coming generation. The story of his life displays his preparation, through good and bad times, for the eventual job of president. Through the adventure quests in this study, children will be able to clearly see this as they watch the story unfold.

As you begin *Abraham Lincoln*, get ready for a wonderful learning adventure about a great leader and President. Your child will investigate who Lincoln was and how he spent his childhood trying to read every book that he could get his hands on. Each quest will take them on an exploration of different areas of his life and character. As they progress through the quests, they will create and complete learning components to add to their Abraham Lincoln lapbook—building a wonderful reminder of all that they are learning and a lasting memento to be enjoyed for years to come.

With the new Download N Go™ 2.0 unit studies, you are beginning a unique kind of learning experience. Each study has a group of adventure quests to explore, each offering lapbook components to add to the growing Abraham Lincoln lapbook. The name, Download N Go™, comes from the commitment that these studies are ready to use as soon as you download them. There is no preparation or waiting time required to begin the adventure quests. A few inexpensive items are needed for the lapbook—a simple file folder, a glue stick, safety scissors, brass brads, and crayons or markers. That's it—simple, effective, and what a way to learn!

From learning about Lincoln’s childhood and family, to getting a taste of American history, this is going to be an exciting adventure. Your child will be answering questions that include:

- Who was Abraham Lincoln?
- What kind of education did he have?
- What did he do when he first left his father’s home?
- Why is the Gettysburg Address so important?

Get ready for a great learning adventure, and thanks for spending time with us to learn about this great American, Abraham Lincoln!
